Executive summary	xvii
-------------------	------

Chapter 1: Inclusive Growth: Meaning, Importance and Timeliness

1.1 Global setting and the Malaysian context	1
1.2 Researching inclusive growth	4
1.2.1 Approach	4
1.2.2 Data sources	5
1.3 Overview of chapters	5

Part 1: Analysing Inclusive Growth In Malaysia

Chapter 2: Conceptual and Policy Framework

2.1 Conceptualising inclusive growth	11
2.1.1 Inclusive growth is both process and outcome	11
2.1.2 Inclusive growth alleviates poverty and fosters equity among groups	11
2.1.3 Inclusive growth entails economic participation, social protection and national integrity	12
2.1.4 Inclusiveness potentially feeds back into countries' growth paths	12
2.1.5 Inclusive growth defined	13
2.2 The growth-inequality-poverty nexus	13
2.3 Inclusive growth in Malaysian development policy, 1970-2010	17
2.4 Towards a New Economic Paradigm to analyse inclusive growth in the Malaysian context	21
2.5 A Social Mobility Model for Malaysia	26
2.6 Conclusion	28

Chapter 3: NEP, Growth and Imbalances in Malaysia, 1970-2012

3.1 Outline	31
3.2 Pro-poor policy	31

3.2.1 Poverty	31
3.2.2 Inequality	34
3.2.3 Growth shared across distinct groups	36
3.2.4 Robust and resilient growth	39
3.2.5 Challenges remain	41
3.3 Other dimensions of inclusiveness	44
3.3.1 Income distribution	45
3.3.2 Asset inequality	47
3.3.3 Wage inequality	55
3.3.4 Employment	57
3.4 Conclusion	60

Chapter 4: Social Mobility in Malaysia

4.1 Going beyond the economic approach to human development in inclusive growth	65
4.2 Conceptual background	65
4.3 Statistical analysis of the Social Mobility Model for Malaysia	67
4.4 Why have some escaped and others remain trapped in social reproduction?	71
4.5 Four national case studies of social mobility in Malaysia	72
4.5.1 Case studies	73
4.6 Conclusion	75

Part 2: Dimensions Of Inclusion And Exclusion In Malaysia

Chapter 5: Analytics of Inclusive Growth in Malaysia

5.1 Analysing growth, diagnosing constraints	81
5.2 Growth analytics of Malaysia in the post-NEP period	81
5.3 A growth diagnostic analysis for Malaysia to achieve inclusive growth	90
5.4 Small and Medium Enterprise (SME) and the informal sector as an inclusive growth issue	96
5.4.1 Profile of Small and Medium Enterprise (SME) 2010	98
5.4.2 Policy discussion: Developing SMEs as an engine of growth and innovation	103
5.5 Conclusion	107

Chapter 6: Income Inequalities and Other Imbalances in Malaysia

6.1 Income decomposition and policy impact analysis	111
6.2 The New Economic Paradigm	111

6.2.1	Descriptive analysis	112		
6.3	Determinants of purchasing power	121		
6.4	Policy intervention	123		
6.4.1	Policy simulation: minimum wage	123		
6.4.2	Policy simulation: education	126		
6.4.3	Policy simulation: income transfers	127		
6.4.4	Policy simulation: minimum wage, education and income transfers	131		
6.5	Conclusion	132		
	Chapter 7: Deprivation and Capability: Household and Personal Aspects	135		
7.1	Thinking shift	135		
7.2	Absolute poverty: income-based and multidimensional approaches	136		
7.3	Relative deprivation	139		
7.3.1	Household income	139		
7.3.2	Household living conditions	146		
7.4	Human capability	149		
7.4.1	Educational attainment	149		
7.4.2	Mapping capability	154		
7.5	Conclusion	157		
	Chapter 8: A Spatial Economy and Environmental Sustainability of Malaysia	163		
8.1	Capturing the regional/spatial dimension in inclusive growth	163		
8.2	Evolving regional and state-level growth strategy	168		
8.3	Cities as the engines of growth and local-level development	172		
8.4	Sustainability and the environment	175		
8.5	Conclusion	183		
	Chapter 9: Women and Inclusive Growth in Malaysia	187		
9.1	Persisting inequality, bounded inclusion	187		
9.2	Women in Malaysia's development	188		
9.3	"Benefits" from growth	193		
9.4	Why have women lost out on growth?	199		
9.5	Recommendations	207		
9.6	Conclusion	209		
	Chapter 10: Bumiputera Minorities and Development Process in Malaysia	213		
10.1	Classification of ethnic minorities	213		
10.2	Population distribution	215		
10.3	Government policies	215		
10.4	Meeting the targets but missing the people	220		
10.5	Malaysia: a house divided?	231		
10.6	Conclusion	233		
	Part 3: Institutional Dimension Of Inclusive Growth And Human Development In Malaysia			
	Chapter 11: Institutional Issues for Inclusive Growth	237		
11.1	Key issues	237		
11.2	The emerging challenge of fiscal federalism	237		
11.3	The government delivery system	240		
11.3.1	Key Performance Indicators (KPIs)	241		
11.4	The current mechanism for redistributing income is weak	243		
11.5	Contribution of the private sector	245		
11.5.1	The middle class and the poor compete for access to public services and subsidies	246		
11.5.2	Private delivery of public goods	247		
11.5.3	The need for better "Club" goods funded by the middle class	248		
11.6	Civil Society Organisations (CSOs)	249		
11.6.1	CSO survival despite challenges faced	250		
11.6.2	Self-regulation for CSOs	251		
11.6.3	Emergence of CSOs in Malaysia	252		
11.6.4	CSOs and inclusive growth opportunities for disabled people	254		
11.7	Conclusion	254		
	Chapter 12: Law and Its Implications on Inclusiveness	257		
12.1	Formal equality and substantive equality	257		
12.2	Article 153 of the constitution	259		
12.3	Women	261		
12.4	Children	262		
12.5	Indigenous peoples	266		
12.6	Workers' rights	268		
12.7	The rights of the disabled	269		
12.8	Conclusion	269		
	Chapter 13: Conclusion and Policy Recommendations	273		
13.1	Introduction	273		
13.2	Summary	273		
13.3	Recommendations for policy reform	281		
13.4	Conclusion	287

List of Tables

2.1	Growth and redistribution policies in Malaysia, 1970-2015	18
3.1	Income growth by income class and ethnicity	34
3.2	ASB distribution 2005 and 2012	51
3.3	Distribution of Tabung Haji depositors, 2012	52
6.1	Purchasing power by income class	112
6.2	Purchasing power and its components, by ethnicity and class	116
6.3	Purchasing power and its components, by strata and class	118
7.1	Income sources and characteristics of absolute poor households, 2009	137
8.1	Structure plans as of August 2007	176
8.2	Malaysian constitutional terms relevant to the environment	177
8.3	List of relevant legislations	181
10.1	Malaysia – total population by ethnic groups, 2010	216
10.2	Population of Orang Asli, 1993-2010	218
10.3	Development programmes for the Orang Asli, 2008	219
10.4	Development programmes/project for ethnic minorities in Sabah, 2013	221
10.5	Numbers and percentages of appointment of staffs from Sabah and Sarawak per total in federal departments, 2007-2009	225
10.6	Status of Orang Asli lands (1990 and 2010)	229
11.1	Categories of CSOs in Malaysia, 2007	252
13.1	Reference list of policy and institutional reforms	288

List of Figures

1.1	Malaysia's Human Development Index: score and relative position	3
2.1	Asia: change in Gini index, last two decades (in Gini points, since 1990)	15
2.2	Poverty elasticities in different growth and inequality regimes	16
2.3	GDP per capita, poverty rate, real wages and Gini coefficient, Malaysia 1970-2012	19
2.4	The New Economic Model (NEM)	20
2.5	The income/employment policies to achieve vertical and horizontal equality in Malaysia	20
2.6	The New Economic Paradigm	22
2.7	The policy space in the New Economic Paradigm	23
2.8	Processes according to decomposition of household capital capabilities in the outcome space of the New Economic Paradigm	24
2.9	Stylised share of purchasing power by components and income class (%)	25
2.10	A Social Mobility Model for Malaysia	26
3.1	Population and incidence of poverty, 1970-2012	32
3.2	Poverty rate in selected Asian countries (%)	32
3.3	Poverty rate by ethnic groups	33
3.4	Hardcore poverty rate by ethnic groups	33
3.5	Malaysia: Gini coefficient	35
3.6	Gini: selected countries (latest survey)	35
3.7	Gini by ethnic group	36
3.8	Gini by location	36

3.9	Income disparity between ethnic groups	37
3.10	Income gap by location (rural-urban)	37
3.11	Unemployment rate by ethnicity	37
3.12	Ownership of equity by groups	38
3.13	Average GDP growth (%)	38
3.14	Average investment to GDP (%) in selected countries	38
3.15	Unemployment rate in selected countries, 2009	39
3.16	National unity	40
3.17	Incidence of poverty among the Bumiputera in 2009	40
3.18	Poverty rate by state in Malaysia, 2012	41
3.19	Incidence of relative poverty in Malaysia, 1989-2009	42
3.20	Relative poverty in Malaysia by ethnicity, 1989-2009	42
3.21	Relative poverty in Malaysia by strata, 1989-2012	43
3.22	Income gap between top 20% & bottom 40%, in ratio and absolute terms	43
3.23	Income gap between urban and rural household, in ratio and absolute terms	43
3.24	Gap in absolute terms between top 20% and bottom 20% (in Ringgit Malaysia)	44
3.25	Income share distribution, 1989-2012	45
3.26	Ratio of income distribution share of top 10% to bottom 40%, Malaysia, 1989-2012	45
3.27	Income distribution share by decile, Malaysia, 2002 & 2012	46
3.28	Average household monthly income by state 2012	46
3.29	Mean wealth per capita by ethnicity & strata	46
3.30	Gini coefficient on median wealth per adult, 2012	48
3.31	Wealth distribution share by decile, 2009	48
3.32	Total wealth of top 40 richest to GDP	48
3.33	Financial assets: Gini coefficient	49
3.34	Account at a formal financial institution (% of age 15+)	52
3.35	Malaysia: source of individual borrowing, 2011	53
3.36	Malaysia: loan from financial institutions by income, 2011	53
3.37	Disparity between CEO & average Malaysian wages	56
3.38	Ratio of average CEO salary to average worker's salary for selected countries, 2011	56
3.39	GDP income: share of wages to national income (%)	56
3.40	Selected countries: share of wages in national income	57
3.41	Malaysia: union density	57
3.42	Ethnic composition in the civil service, 2012 (%)	58
3.43	Ethnic composition in civil service, by level, 2012	58
3.44	Corporate control by ethnicity (%), 2005	58
3.45	Malaysia: total against female labour force participation rate, 1982-2012	59
3.46	Women's share in university and select occupations (%)	60
4.1	Generational medium income profiles by age cohorts, 1930-1975	68
4.2	Generational median income stylized trend curve and The actual median income trend 2012	69
4.3	Malaysia: middle class population, 1989-2012	70
4.4	Middle class population by ethnicity, 1989-2009	70
5.1	Economic growth crisis	82
5.2	GDP & GNI per capita, 1970-2010	83
5.3	Gross Domestic Product (GDP) real growth and potential output, 1996-2012	83
5.4	Real GDP per capita growth and % of investment to GDP	85
5.5	Net foreign assets absolute amount and its percentage (%) to GDP, 1971-2012	85

5.6	Export, import and total trade (%) of GDP, 1970-2012	86	7.16	Human capability map: urban areas of Peninsular Malaysia, Sabah, Sarawak	156
5.7	Productivity versus wages, 1959-2009	86	7.17	Human capability map: rural areas of Peninsular Malaysia, Sabah, Sarawak	156
5.8	National Competitive Model	87	8.1	GDP by sector (%), 1987-2012	165
5.9	Hausmann-Rodrik-Velasco growth diagnostic decision tree	91	8.2	Share of state population in Malaysia, 1931-2010	169
5.10	Growth in recent history has been driven by capital and labour accumulation	92	8.3	Urban consequence of GDP per capita growth	170
5.11	Productivity gains slowed after the Asia crisis	93	9.1	Labour force participation rates by gender (Malaysia), 1970-2011	189
5.12	Rate of public and private investment, Malaysia, 1990-2010	94	9.2a	Employment distribution by occupation and gender (by percentage)	192
5.13	IDB's diagnostic tree for Malaysia	94	9.2b	Employment distribution by occupation and gender (by number employed)	193
5.14	Inclusive growth diagnostic decision tree for Malaysia	95	9.2c	Employment distribution by occupation and gender (inter-gender proportions)	194
5.15	Malaysia: employment by sector, 1982-2010	97	9.3	Average monthly basic wage by occupation and gender in Malaysia	195
5.16	Net change in financing for SMEs	99	9.4	Female:male earnings ratio at 10th percentile, median and 90th percentile, within occupation group	196
5.17	Share of technology capability activities being undertaken, %	104	9.5	Gender segmentation of the informal economy	197
6.1	Share of purchasing power components, by income class	113	9.6	Percentage distribution of employed female persons by educational attainment in Malaysia (1990-2010)	199
6.2	Share of purchasing power components by ethnicity	117	9.7	Number distribution of female persons outside labour force by educational attainment in Malaysia, 1990, 1995, 2000-2010	200
6.2.1	Share of purchasing power components among the Malays, by class	117	9.8	Proportion of women total, working age and employed populations	201
6.2.2	Share of purchasing power components among the non-Malay Bumis, by class	117	9.9	Proportion of women among occupations, by educational attainment	202
6.2.3	Share of purchasing power components among the Chinese, by class	117	9.10	Tertiary education and labour force participation, female	205
6.2.4	Share of purchasing power components among the Indians, by class	117	9.11	Tertiary education and labour force participation, male	205
6.3	Share of purchasing power components by location	119	10.1	Sabah ethnic's population, 2010	217
6.3.1	Share of purchasing power components in urban areas, by class	119	10.2	Sarawak ethnic's population, 2010	217
6.3.2	Share of purchasing power components in rural areas, by class	119	10.3	Incidence of poverty Malaysia, Sabah and Sarawak, 1970, 1990 and 2012 (%)	222
6.4	Mean purchasing power for selected variables amongst the middle class	120	10.4	Sabah ethnic groups by poverty status, 2013	223
6.4.1	Mean annual purchasing power, by educational certification	120	10.5	Sarawak ethnic groups by poverty status, 2013	223
6.4.2	Mean annual purchasing power, by occupation	120	10.6	Incidence of poverty by ethnic minorities in Sabah and Sarawak, 1990 and 2008 (%)	224
6.4.3	Median annual purchasing power, by activity status	120	11.1	Federal allocation per capita by region, 1976-2010	239
6.4.4	Median annual purchasing power, by gender	120	11.2	Distribution of workers in Malaysia, by wages earned	246
7.1	Household income: median per mean and gini coefficient	141	11.3	Real PPP-adjusted average starting annual base salaries for selected Asean, by education attainment level	247
7.2	Highest education certificate of head of household by household income (poorest to richest)	142	List of Box Articles		
7.3	Gender of household head, by household income	143	3.1	Affordable housing in Malaysia	53
7.4	Location of households by household income: rural and urban areas of Sabah, Sarawak & Peninsular Malaysia	143	5.1	Whither foreign workers?	88
7.5	Ethnicity of head of household by household income: Malay, Chinese & Indian	144	5.2	Financial inclusion and informal sector	99
7.6	Ethnicity of head of household, by household income: Bumiputera Minorities	145	6.1	Leveraging: a tale of two classes	113
7.7	Condition of living quarters, by household Income	146	6.2	Minimum wage policy	123
7.8	Type of toilet, by household Income	146	6.3	Malaysia's subsidy rationalization: alternative schemes	128
7.9	Type of water source, by household Income	147	7.1	Social protection and work security	151
7.10	Garbage collection, by household Income	147	7.2	Education quality: achievements, deficiencies and inequalities	159
7.11	Household living conditions and access to health services	148	12.1	Need for child-sensitive policies	264
7.12	Educational attainment of adult population	150			
7.13	Educational attainment by ethnicity: Peninsular Malaysia	150			
7.14	Educational attainment by ethnicity: Bumiputera in Sabah and Sarawak	151			
7.15	Human capability map: Peninsular Malaysia, Sabah, Sarawak	155
